2 Truths and a Lie

Truth

I gave an elderly woman the heimlich at work one day, while simultaneously having food poisoning.

Truth

I have never been in any American time zone besides Eastern.

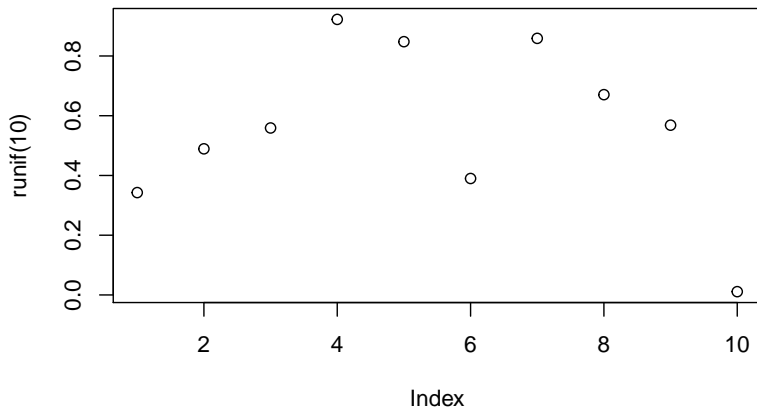

Lie

I love beets.

Embedded R Code; fragile frame

```
# show some output...  
as.integer(runif(n=10, min =1, max =10))  
  
## [1] 6 3 5 2 6 9 8 2 8 3
```

Figure: Three plots in one figure

Figure: I got this example from [tex.stackexchange](http://tex.stackexchange.com) from Fran!

Multiple Columns

My likes

- 1 Skiing
- 2 Traveling
- 3 Craft Beer
- 4 Vegetarian Cuisine

I sure do have some expensive likes. Maybe I should go cross country skiing more and drink PBR to save up! Luckily, there are no chances to spend money on traveling right now.

Theorem

Theorem (Electric Field Equation)

$$E = K * q/r^2$$

I really should study for physics more often.
